NOTE FROM THE EDITOR

Welcome to Tweak Magazine,

The @TwistedTweakNFT community created this art magazine with the intention of sharing the unique art created by the NFT community with everyone.

Here we are at issue 50 and two weeks away from 1 year of Tweak Zine in publication. I want to personally thank my fellow tweaks for all contributions to making this publication what it is today. This labor of love has taught me so much about the art community I love and given me the chance to connect with many artists passionately pursuing their own creative paths. For the next 3 issues, we change the format a bit once again because there is so much art that you might have missed.

Thank you for supporting the arts in whatever fashion you do.

-Chumwizards

P.S. Not all art presented is a static image. Artwork titles with an asterisk * are best viewed using the link to the work to get the full experience

THE TWISTED TWEAKS

Tweaks are the digital, artistic representation of many internal struggles humans face. The anxieties and complex emotions that people feel every day should no longer be looked down on, rather accepted and loved because that makes you who you are.

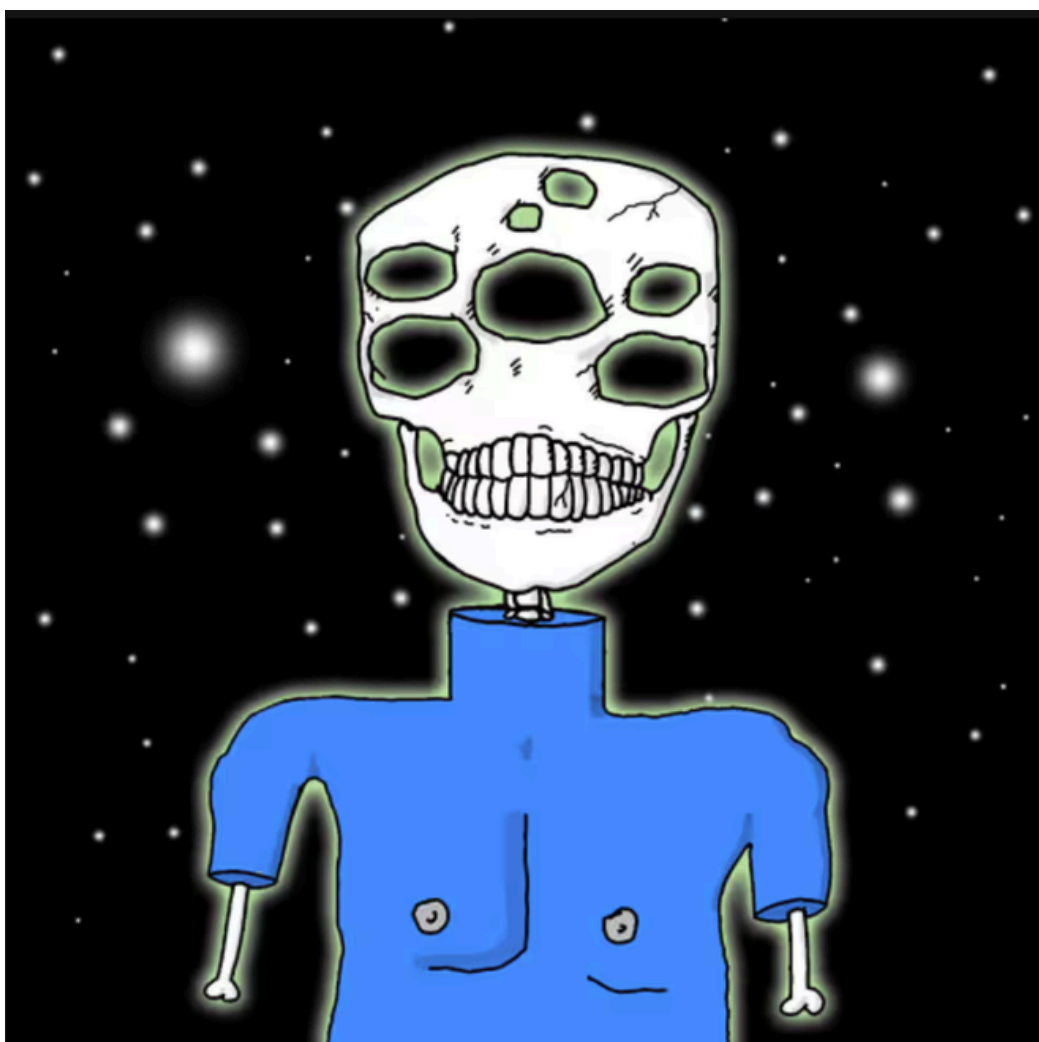

[Visit Tweak Labs](#)

Twisted Tweaks are the flagship collection for the Tweak world since 2021. Minting for over 3 years using rewards based airdrops, they are the longest minting 10k PFP collection.

You can receive a new mint by purchasing one on the secondary market.

Twisted Tweaks were created by Tweak Labs, a creative brand building at the edge of innovation in web3, AI, and fashion.
